9 April 1956

MEMORANDUM FOR : Project Personnel Officer

SUBJECT : Clearance and EOD of Meteorological Technician

REFERENCE : Memorandum from Project Director to Project
Director of Operations, TS - 143247, 4 April,
Subject: Disposition of Meteorological Data

1. In accordance with the referenced memorandum, [redacted]
[redacted] contacted AWS, and they have recommended as a Meteorological
Technician for Detachment A, [redacted], not with
AWS but with the Air Force at Elgin Field, Florida. This is the man AWS
wants in the job.

2. We do not have his date or place of birth which are necessary for
a security clearance. I have discussed this with [redacted] who
is unable to proceed with a security investigation without this information.
Could you obtain this information from [redacted] and submit it to Project
Security? Further note that this man, as stated above, is for Detachment A
and it is, therefore, extremely urgent that we move as quickly as possible.

3. [redacted] has further advised me that AWS does not even know
whether [redacted] is available for an overseas assignment. I suggest
that this also be followed up immediately through [redacted]

[redacted]
